ALEC TAYLOR, Esq. G. C. TURNER, Esq.

RULES.

- 1.—This Hospital, supported by Voluntary Subscriptions and such Payments as the Patients are able to afford, for the relief of Sufferers from disease or accident, as In or Out-Patients, shall be managed by a Committee.

- 2 —The Committee shall be annually chosen by Life-Governors and Subscribers of £1 Is. and upwards. Every donor of £25 in one year shall be a Life Governor. The Committee shall consist of 18 Members, of whom 6 shall be ladies. Every Member of the Committee shall retire after 3 years, retirements taking place in alphabetical order. The Committee shall appoint a “General Purposes” Committee, consisting of 2 ladies and 2 gentlemen, meeting fortnightly and reporting quarterly, the Chairman and Secretary of the Hospital Committee to be *ex-officio* members. They shall also appoint a Finance Committee, consisting of Five Members of the General Committee, together with the officers, and the Sub-Committee shall be authorised to pass accounts and sign cheques on behalf of the General Committee.

- 3.—The President, the Trustees, the Hon. Treasurer, the Hon. Secretary, and the Medical Officers, shall be *ex-officio* Members of the Committee. Three Members of the Committee shall form a quorum.

- 4.—The Establishment shall consist of a Matron, resident in the Hospital, and such Assistants as may be required.

- 5.—Subscriptions shall be considered due on the 1st of January each year. No Admission Letters are issued, but the Committee welcome personal letters regarding patients from subscribers, Secretaries of Hospital Collection Committees, Clergymen and others, and value this assistance in determining the ability of patients to contribute towards their cost of maintenance.
- 6.—Persons suffering from advanced stages of Pulmonary Consumption, or Scarlet Fever, or Small Pox shall not be admitted.
- 7.—Every requisite, except personal clothing, shall be provided in the Hospital. Patients shall not be permitted to receive food or drink from any other source without the sanction of the Matron.
- 8.—All Legacies, unless otherwise specified, shall be invested by the Treasurer in the names of the Trustees, in such a manner as the Committee shall direct. The Treasurer shall receive the dividends and interest arising therefrom, and place the same to the credit of the annual account. The principal of the sums thus invested shall not be applied to make good any deficiency in the annual account, but shall remain at interest, with power to the Trustees to change the Securities at the discretion of the Committee.
- 9.—The Statement of the Receipts and Expenditure shall be submitted to an annual meeting, and a copy furnished to each Subscriber.
- 10.—The Committee shall have power to make By-Laws for the better carrying out of the details connected with the Hospital.

SAVERNAKE HOSPITAL REPORT,

1928.

THE Committee beg to present the Report and Statement of Accounts for the year 1928.

The total number of in-patients treated during the year was 1,051, compared with 798 in the previous year. Of these 628 were cured, 260 relieved, 13 were transferred to other institutions, 6 infants were born in the Hospital, 58 patients died, and 86 remained in at the end of the year.

The average number of beds occupied has been 80.3, the number of days in Hospital 31,510 and the average cost per week £1 12s. 6d.

The number of out-patients dealt with was 1,067. Major operations numbered 498, and minor ones, 85. In addition, 609 dental operations were carried out and 206 operations for removal of tonsils.

These figures show a considerable increase in the work done by the Hospital, and the Committee feel that the manner in which the Medical and Nursing Staffs have been able to cope successfully with over one thousand in-patients is a matter for the deepest satisfaction and gratitude.

An event of outstanding importance in the history of the Hospital has been the inauguration during the past year of the Contributory Scheme. Some figures published in another part of this report show that the scheme has been enthusiastically taken up in every part of the area served by the Hospital, and if this enthusiasm is maintained the Hospital will be in a stronger position financially than it has ever been before and there will be no fear that the sphere of usefulness may have to be curtailed.

There is no evidence at present that the generous efforts made in the town of Marlborough and through the rural area to raise funds for the Hospital have suffered any eclipse through the coming of the Contributory Scheme.

Another notable event of the past year has been the installing of a new X-ray apparatus of the latest type and a diathermy apparatus through the wonderful generosity of the Hungerford Hospital Committee, who made a donation of £750 as the result of a competition organised by them.

This gift has enabled the work of the X-Ray department to be very much extended and improved.

The Committee must once more record their appreciation of the wonderful work that is being done by the Hon. Medical Staff, the Hon. Dental Officer, the Matron and her Nursing Staff. In doing so they feel they are also voicing the feelings of a very large number of patients and their relations and friends who realise all that has been done for them in Savernake Hospital.

The Subscription List is a fine record of willing help given alike by rich and poor, town and village. There is much that cannot be recorded here, such as the individual gifts which go to make up Pound Day, Harvest Festival and Egg Collections, the invaluable work of the Linen Guilds, and the various working parties, gifts in kind brought to the Hospital day by day, personal service such as that given by the ladies of the V.A.D. and others. The Committee, in conclusion, must heartily thank their Honorary Architect, Mr. W. J. Parker, and Honorary Solicitor, Mr. J. C. Porter, for much valuable help and Mr. E. F. J. Williams for kindly auditing the accounts.

PATIENTS ADMITTED.

CASES have been received from the following places :—
